

Emergency Medical Service

Subscriptions!

The Gustavus Volunteer Fire Department uses these companies to get you medical help. Getting one subscription does **not** cover you for all of them. The GVFD will ask what your preferred subscription is before we make a call to a Medivac.

Ambulance Subscription

\$10 per person or \$25 per household

The City of Gustavus and GVFD offers a program for ambulance subscription. As an Ambulance Subscriber, we will only bill insurance providers for the rates listed in the packet. Subscribers with no insurance have the same benefits as subscribers with insurance coverage.
